PERSONAL MENTION.

Dr. H. C. Billig and M. H. Kunze, brother of Arthur Kunze, arrived yesterday from De Kalb, Ill. Mr. Billig is the representative of a number of Chicago capitalists and intends visiting nearly every mining camp in Southern Nevada.

Judge J. P. O'Brien left yesterday morning for San Francisco.

Henry Bartlett left last night for Round Mountain.

Cecil Chapman, who is interested in the Chapman mill at Manhattan, left for that place yesterday.

C. P. Richmond left for Manhattan yesterday.

Grant Crumley returned from a business trip to Reno yesterday.

Mark B. Kerr, consulting engineer of a number of local mining properties, leaves this morning for Bodie, Ca.

D. J. Kelly, of the Kelly Filter Press of Salt Lake, leaves this morning for his home in Salt Lake.

Al Revert and Amos Viney, of the Tonopah Lumber company, returned from Rawhide yesterday.

ENTHUSE OVER GOLD CIRCLE

DAVE HOLLAND AND JULES SMITH SAY PROSPECTS ARE FLATTERING

Dave Holland and Jules Smith, who have been visiting Gold Circle and adjoining districts for the past week, returned yesterday and were highly enthused over the showings seen in the various camps. Speaking of the trip, Mr. Holland said:

"Gold Circle is going to be one of the greatest milling camps in the state. They have an area of about five miles wide and ten miles long that you can get good panning in any part. There are six autos, in addition to the stages, arriving there the day we left and this is an every day occurrence. The population at present is estimated at about 1200 and before long this will be doubled. Everything can be secured at reasonable prices and the accommodations are excellent. On our way back we visited the property of H. Fletcher which is about six miles from Millers, and were shown the new ledge struck about a month ago. Fletcher has about thirty tons of high-grade ready to ship and in a short time will be making regular shipments. The property is an old abandoned mine which was worked about forty years ago and from which over a quarter million dollars was extracted. All the property surrounding Austin has been bought and incorporated by eastern capital. They will begin extensive operations in a few days and expect to put about 200 men at work at first and increase the number gradually.

Kingston canyon is on the point of a revival. Eastern people have been sampling the property of Joe Miller for the past six months and it is believed that they will purchase it in a short time. All the country that we passed through is literally alive with prospectors and the majority of them are developing good properties."

GOLD STRIKE ON COLORADO

PHOENIX, A. T., April 8.—Great excitement prevails in Western Arizona over the recent gold and copper strikes in the vicinity of Parker, on the Colorado river. Numerous assays of samples from the Rivaldo range, on the California side, run from \$600 to \$1400 in gold. There have also been many strikes on this side of the river, which show high-grade assays.

KANSAS BANK ROBBERY

TOPEKA, Kan., April 8.—Robbers at an early hour yesterday morning dynamited the safe of the State bank at Haron, Atchison county, and escaped with \$4500. The bank building was badly wrecked. The robbers, who are believed to have been six in number, made their escape on handcars.

ROUND MOUNTAIN DAISY MEETING

COMPANY IS IN FINE SHAPE AND THEIR MINE IS MAKING GOOD

The Round Mountain Daisy Mining company held its annual meeting yesterday at the offices of the corporation in Tonopah and elected as directors George B. Thatcher, J. J. Owens, George A. Bartlett, Luther (Slim) Morgan, Henry J. Bartlett, W. W. Booth and L. A. Gibbons. The directors held a meeting after the election, and the following named officers were selected for the ensuing year: George B. Thatcher, president; J. J. Owens, vice president; H. C. Price, secretary; C. O. Olive, treasurer.

The company affairs during the existence of the corporation are in satisfactory condition. Several leases have been working on the property and are producing good milling ore and have also encountered specimen streaks. The Solid Gold lease has closed a deal with the company guaranteeing the installation of a fifty-ton capacity mill. The Madigan lease has over \$30,000 worth of ore on the dump awaiting treatment by the new mill, which will be ready in ninety days.

The company itself has done considerable development work and has attained some depth. It has acquired during the year, all the water rights of the district and has the same equipped with a \$65,000 pipe line, the last expense being assumed by the Round Mountain Hydraulic Mining company for a lease on most of the water.

An active campaign will shortly be commenced by the company, and it is their intention to install a company mill from the funds derived from royalties received from leases, especially from the lease on their placer deposits to the Round Mountain Hydraulic Mining company from which much is expected in the immediate future, thus forestalling the sale of any more treasury stock.

BILL HELD UP BY COMMISSIONERS

AUTO HIRE FOR MEMBERS OF GRAND JURY IS NOT PAID

The bill of \$314.25 for auto hire and actual expenses incurred during the trip made by the grand jury committee on their investigation of the road and sanitary conditions of Manhattan and Round Mountain, was held up by the county commissioners yesterday despite the fact that they were ordered by the court to allow the same. The board contends that the persons contracting for the auto should pay for it.

The trip was made by the order of the court and when the party returned Dr. Elftman made an affidavit of the expense and Judge O'Brien signed an order that it be paid. It is thought that the matter will be brought up at the next meeting of the commissioners, they having adjourned yesterday afternoon.

WILL SUE STATE BANK FOR FUNDS

GOLDFIELD, Nev., April 8.—Esmeralda county will tolerate no juggling of her funds, so far as the State Bank and Trust company is concerned. A night session of the board of county commissioners was held yesterday, during which a resolution was passed authorizing the district attorney to commence action at once against the president, directors and cashier of the State bank for the recovery of a special deposit of \$4870.03; also to sue for the recovery of the rest of the money deposited by the county of Esmeralda, aggregating \$15,000.

The charges to be embraced in these suits will be embezzlement, pure and simple, and the county will insist upon some definite action being taken with respect to a resumption of the bank or the appointment of a receiver.

BAN ON SALOONS IN THE YUKON

TACOMA, Wash., April 8.—Dawson dispatches say that the important work of revising the Yukon ordinance regarding the sale and control of liquor in Yukon territory has just been completed by the committee appointed for the purpose by the legislature of the Yukon. The report will be submitted for adoption at the annual session to be held this summer. The most important feature in the new act is one providing for the elimination of saloons. A clause is inserted which is designed to do away with every saloon in the territory as speedily as possible.

Licenses to deal in liquor in a retail way thereafter will be issued only to hotels. It is deemed best by
